TAB TENSION SCREEN

Casing Size and Installation

Model : 107mm octagon

Model : 107mm aluminium casing

Tab-Tension Screen is designed for customers who look for very high quality image such as home theatre, scientific research centre and government bureaus.

- Its unique tab tension system delivers perfect flat screen surfaces for better picture and viewing quality.
- The unique screen case is made of aluminium alloy and is specially designed to fit for all environments.
- A choice of fabric to suit for different applications.
- The screen axle is made of high quality aluminium alloy and is specially designed to ensure the "laddering" and "V" shape condition will not appear on the screen surface.
- Multiple choice of control system is available.
- Special designed tension adjusting system to ensure the screen surface can be adjusted to perfect flatness.
- Strong and sturdy export packing to ensure the screen not be damaged during shipment and transportation.
