

# Engineering dedicated HDMI fiber optic cable

Easier to route wiring

10m/15m/20m/30m

## Fiber Advantage

- 18Gbps broadband transmission
- 100m transmission without delay
- No fear of electromagnetic interference
- Safer to use without radiation
- Power consumption  $\leq 250\text{mW}$ , no external power supply required

## Product parameters

- Engineering dedicated HDMI fiber optic cable
- HDMI2.0, 18 Gbps broadband, 4K60Hz
- HDMI standard A type male
- HDMI standard D type male
- Product power consumption 250mV
- Cable diameter 4.8mm
- Operating temperature 0~20°C/20~70°C
