

Team Collaboration

Team collaboration happens everywhere today. With room to grow at any time, our ideal team collaboration solutions help foster and improve team work for small, medium and large-sized conferencing. Seeing and being seen, sharing ideas, and hearing others clearly bridges the distances between physical locations – even across the world. Everyone feels more connected and involved with teams and projects when Hikvision boosts their audio & video conferencing.

Small & medium-sized conferencing

Audio and video devices: All-in-One A/V Pillar, or Sound Cube Speakerphone and Camera Bar are recommended. Enjoy 1080p or better video quality, 3- to 5-meter pick-up distance, and sound amplification.

Display devices: Interactive Flat Panel & Monitor.

Video Conference Host: 65" Interactive Flat Panel display and laptop.

Video Software: Zoom, Webex, Tencent Meeting, WeChat, DingTalk, and more.

Medium & large-sized conferencing

Audio and video devices: All-in-One A/V Pillar, or Sound Cube Speakerphone and Camera Bar are recommended. Enjoy 1080p or better video quality, 3- to 5-meter pick-up distance, and sound amplification.

Display devices: Interactive Flat Panel & Monitor.

Video Conference Host: 65" Interactive Flat Panel display and laptop.

Video Software: Zoom, Webex, Tencent Meeting, WeChat, DingTalk, and more.

Small & Medium-sized Conferencing

01

Portable audio and video conferencing solution

This solution includes a light-weight, portable, and all-in-one Audio/Video Pillar unit. It's great for office conference rooms or starting a remote meeting anywhere you need. With audio and video functionalities in one device, it's easy to use and great for high-quality communication.

All-in-One Pillar X12

- Compact, all in one design with integrated camera, 4 microphones, and speaker to quickly start a meeting in huddle space
- 1080p HD video imaging
- 120° Wide-angle viewing without distortion
- Easily adjust viewing angle and volume by remote control
- Easy to set up with simple cable connections
- Portable design to help you get into meetings anytime, anywhere

Interactive Flat Panel D5B 65"

Small & Medium-sized Conferencing

02 Ultra-HD audio and video conferencing solution

Combining our Camera Bar and Sound Cube Speakerphone, Hikvision provides an enjoyable communication experience for teams in small- to medium-sized conference rooms. Your meeting will be much more productive and interactive with ultra-HD imaging and crisp, clear audio, ensuring more interaction with virtually face-to-face collaboration.

Conference Webcam UC8

- Premium 4K video imaging
- Auto focus targets objects quickly
- Easy setup with simple cable connections

Sound Cube Speakerphone S1

- Designed with microphones and speakers set at key angles
- Accurate voice reception with AI noise reduction and clear audio

Interactive Flat Panel D5B 65"

Medium & Large-sized Conferencing

01

Smart, ultra-HD audio & video conferencing solution

Need to upgrade your conferencing equipment simply and affordably? Hikvision can help! Our world-class, All-in-One A/V Camera Bar gives you 4K UHD imaging with a wide-angle view, and clear voice pick up and playback even for large groups. The smart auto-framing and speaker tracking always puts you in the best position. It's remarkably simple to use, manage, and integrate with its sleek design.

All-in-One Camera Bar
X28

- All in one design with integrated camera, 8 microphones, and speaker to quickly start a meeting
- 4K ultra-high definition, 118° wide-angle viewing without distortion
- Clear voice collection with intelligent noise reduction, loud & clear voice transmission
- Smart auto-framing and speaker tracking

Product Introduction

Sound Cube Speakerphone

Connect and collaborate easily with Hikvision's Sound Cube speakerphone for remote conferencing and enjoy natural, clear sound all around.

The Sound Cube brings your far-away team members close, anywhere in the world. Everyone's voice and ideas are important – now, they can be heard clearly and completely.

360° voice pick-up & sound amplification

Clear audio and stable sound all around

AI noise reduction

Intelligently filters out background noise

Air conditioning humming

Keyboard tapping

Knocking on the table

Echo suppression & anti-reverberation

- Audio from the sound speaker will not be picked up by microphones
- Reducing the sound reverberation caused by hard surfaces (walls, ceilings, tables, etc.).

Howling sound

Audio feedback

Easy to adjust volume or mute mic

Controlling your meeting quickly and easily

Flexible connectivity options for smart devices and PCs

Wireless USB adapter

Bluetooth

USB cable

Portable, compact and lightweight for easy travel

Controlling your meeting quickly and easily

All-in-One Audio and Video Products

Quickly start a meeting with Hikvision's All-in-One Pillar or All-in-One Camera Bar, and enjoy a powerful audio and video conferencing experience without hassle. With their sleek and all-in-one design, these two products are easy to use, manage and deploy, delivering brilliant imaging and high-performance audio for a more natural and productive meeting.

All-in-One Pillar

3 in 1 design

One device to start remote meeting easily

120° super wide-angle without distortion

Greater coverage with one view

Intelligent noise reduction

Filters unwanted ambient noise in the room

All-in-One Bar

Smart auto framing

All participants always remain in the center of the image, even when someone leaves or joins.

HIKVISION

Bluetooth
remote control

Plug and play

No need to install plug-ins

Smart speaker tracking

Automatic focus and tracking the speaker keeps the key person in the center.

PTZ Camera

Our industry-leading PTZ Camera delivers sharp, brilliant video imaging with outstanding color even in strong backlighting – and it’s designed to fit any professional setting. When set on a table, it fits perfectly in your meeting and quickly zooms in and out to capture any details. Attendees are natural-looking and the smart auto-tracking ensures they always remain in the best position on the screen.

5x Optical zoom

See clearly, near & far. Zoom in to show the meeting material details and all participants clearly.

5x

3.1-15.5 mm motorized lens

F

Auto focus

One click for quick location

Quickly capture the details. The remote control can help configure and trigger preset points, quickly focusing on the speaker at the conference.

120 dB True WDR

Crisp video imaging even in a room with strong backlight. Imaging is natural and clear.

With True WDR

Without True WDR
